

2021 UTV World Championship Pit Information Guide

Access to the UTVWC Hot Pit is for race teams only

There will be one Hot Pit at the UTVWC this year, located at the Start/Finish Line. All race courses pass through the same Start/Finish line. The Hot Pit is designated for race teams who are actively racing, for **pitting operations only**. Due to space restrictions we kindly ask that you leave the hot pit as soon as your race vehicle has completed its race.

SPEED IN THE HOT PITS = 25 MPH

** No speed zone for Youth 170 & 250 Classes **

STAGING TIMES & LOCATION

Please see the [Schedule of Events](#) for your class staging time.

- Please offload your race vehicle and immediately drive it over to the race vehicle staging area.
- There will be parking for your truck & trailer inside the parking area, for the duration of your race.
- If this truck is your pit vehicle, you will need to detach your trailer and leave it in the staging area during the race. There is simply not enough space in the hot pit for trailers.
