

BFGoodrich Tires® UTV World Championships Pit Support

BFGoodrich Tires the preeminent name in desert racing will again be providing complimentary pit support and tire services to competitors racing exclusively on BFGoodrich tires across all classes.

Located at the main pit in Lake Havasu near the start/finish line BFG services include refuelling, tire changes, light-mechanical, and fabrication to assist BFG customers across the finish line.

BFG Pit registration will take place on-site at contingency in advance of race day. BFGoodrich cannot transport fuel, so competitors will be required to drop fuel off at the pit location in advance of their scheduled race.
